

COMPANY  
PROFILE

bennet

**Closer  
to reach  
further.**

**BENNET** was created in the early 1960s, inspired by the vision of Enzo Ratti. Since then, it has expanded continuously, transforming the company over the last 60 years into a **leading player in the hypermarket and shopping center business**, with sites across Northern Italy.

Expertise, experience and professionalism have always put **BENNET** at the leading edge in the marketplace, allowing it to anticipate customers' needs with an offering that keeps getting better in terms of the quality/price ratio, the variety of the assortment, and the service.

With forward-looking commercial policies, focused expansion plans, and the creation of a distinctive image and style, **BENNET** has successfully won and continues to maintain market leadership in the areas where it operates.

**BENNET** owns **49 hypermarkets and superstores** in addition to **52 shopping centers** with more than 1,350 stores and fast growing **bennetdrive pick-up locations where you can collect your items**. **BENNET's** commercial network is evolving continuously, with a view to offering innovative shopping services and ever more appealing environments.

In addition, in order to meet the needs of an increasingly aware customer base, all **BENNET** points of sale can implement the brand's sales model, with its focus on fresh products, a distinctive new non-food vision, and deep integration with digital media and the omnichannel approach.

So, not only a greater focus to new customer needs, but also technological and digital innovation, starting with omnichannel experience and continuing with cutting-edge solutions like **bennetdrive**: the fast shopping service to buy products online, using any device and 24/7, and then collect them at their convenience, without leaving their car.

**Because now, food shopping too goes beyond the physical space of the point of sale.**
